Furthermore, ensure to give the learner positive, constructive feedback on workplace tasks related to the outcomes as set out below.

i.e., if a learner was part of and or experienced a conflict situation, make comments on the how the learner handled the situation, what they could've done better etc. in the evidence cell and if necessary, at the comment section below.

If the outcome requires the learner to be part of a meeting, give the learner opportunity to do so, and give the feedback on what they did correctly and what they could do to improve.

The table also indicates activities that the learner needed to complete during the process in the Portfolio of evidence and after the process, check the activity and provide guidance and or praise where applicable.
